

## **Craigleith Homes Association seeks Facilities Director and Treasurer**

We're seeking two individuals to join the Board of the Craigleith Homes Association to take on important leadership and coordination duties for these positions.

We don't have many meetings, and when we do it involves optional adult beverages. We like to talk about the important things. We like to make decisions and get stuff done. We also like to have fun.

**Facilities Director** – This role is responsible for ensuring the proper maintenance and operation of the association's recreation facility (pool, pool house, tennis courts). Pool maintenance experience is not required.

**Treasurer** - This role is responsible for directing the association's budget, overseeing banking and cash management activities.

### **What you get:**

- Lots of support from people in our community with loads of experience
- The chance to build skills and/or share your talents
- A great way to meet people and get to know your neighbours
- An opportunity to have an impact on our community
- The satisfaction of knowing you are helping ensure our community association continues to be viable and vibrant

**If you're interested and would like to know more about either role,  
please email [jennifer.allan@rogers.com](mailto:jennifer.allan@rogers.com).**
